Kauai is island style living at its best. Beautiful beaches, spectacular mountains and always a breath of fresh air. We have good people that call this island home and the spirit of this island will always overwhelm you.

I have had the opportunity to work and talk to many people in every major industry of employment here on this island. The work experiences have been vast and rewarding. Whether it was picking pineapple as a youngster, or cooking an ono entre'e, to supervising a landscape project, each workday had it's rewards. Especially rewarding were the talk story sessions of ideas and solutions for the everyday challenges. The willingness of the people of Kauai to put forth the best of minds and talent has always resulted in positive solutions. The Aloha spirit prevails.

Serious challenges require responsive government to the people. Decisions must be made to ease the burden that has been put on our people. I offer you, the voter, my candidacy as Mayor of Kauai. I have always supported the will of the people. If elected, I will continue to do so.
